General Information

1. This Professional Diploma is awarded by the Hong Kong Institute of Acoustics. The Hong Kong Institute of Vocational Education (Chai Wan) is responsible for operating the short course leading to this award.
2. The participants will study four modules. They are: General Principles of Acoustics & Noise Measurement, Transportation Noise & Assessment, Construction and Industrial Noise, and Noise Control Engineering. The study mode is tutored distance learning. Besides tutorial classes, laboratory works, workshop, visits and seminars are included in the course.
3. The minimum entrance requirement for admission to this course is normally a degree in a science, engineering, architecture or other relevant disciplines. Applicants with lower qualifications may be considered, provided that he/she is supported by employer in the related field. Intending applicants should first contact the Course Co-ordinator.
4. The course fee for 2004/05 is HK\$ 18,000. Applicant should complete the application form on the back of this page and send it to :
